PROFESSIONAL SUMMARY

Professional with a comprehensive background in cloud technology and systems engineering. Possessing **4 years of hands-on experience in cloud infrastructure.** After gaining valuable insights in cloud technologies, took a proactive **career shift** to delve into web development, dedicating 6 months to intensive upskilling. Well-versed in MERN Stack.

Now seeking a challenging role as a Backend or Full Stack Developer to bring a **unique blend of cloud expertise and newly acquired web development skills** to contribute effectively to a dynamic development team.

SKILLS

JavaScript	MongoDB
PostgreSQL	Express
Node.js	AWS
Git	Redis
React(beginner)	Java

PROJECT EXPERIENCE (Web Development)

- **FindMySpot(Backend)**
    - Description: Developed a backend system for a parking space finder application, optimizing location data retrieval and enhancing user experience.
    - Technologies Used: Node.js, Express, MongoDB, deployed on render

- **IMDb Website clone**
    - Description: Created a web application that serves as a movie database platform, allowing users to browse and search for movies, view details, and view ratings/reviews of them.
    - Technologies Used: Node.js, Express for creating RESTful APIs, MongoDB, JWT

- **Instagram stories clone**
    - Description: Developed a web application that replicates Instagram Stories, allowing users to view and post disappearing images and videos.
    - Technologies Used: schedule jobs, Node.js, Express, MongoDB, webSockets

WORK EXPERIENCE (Cloud Technologies)

Infosys Limited, Senior Systems Engineer(Cloud), Apr 2022 ‑ Aug 2023, Bengaluru, Karnataka, India

- Used CloudFormation to allocate and configure resources such as EC2, S3 and Security Groups.
- Worked on a cloud migration project responsible for building AWS infrastructure and resource configuration.
- Configuration management of EBS, EC2, Load balancers and other AWS services
- Optimizing performance capacity using Cloudwatch

Amazon web services (AWS) , Technical Cloud Support Associate, Jun 2019 ‑ Jan 2022, Bengaluru, Karnataka, India

- Offered expert technical assistance to AWS customers, addressing inquiries related to EC2, S3, Reserved Instances, Cloudwatch and Billing, Cost utilization reports, Organizations and IAM.

- Diagnosed and resolved issues promptly, ensuring minimal downtime for clients.

CERTIFICATIONS

- **AWS Certified Solutions Architect-Associate**
- **AWS Certified Cloud Practitioner**
- **Product Engineering Certificate(SOAL)**

EDUCATION

Product Engineering, Aug 2023 - present
School of Accelerated Learning‑ Online

Bachelor of Technology (B.Tech),
Electrical & Electronics Engineering,2015-2019
REVA Institute Of Technology‑ Bengaluru, India
